

SHERIN JAMES

AI & Data Professional · Data Engineering · Analytics · Applied AI

Pune, India | +91 8554016946 | sherinalice28@gmail.com | linkedin.com/in/jamessherin | Open to relocation

PROFILE

AI & Data professional with 5+ years across business operations, enterprise systems, data and analytics, followed by an MSc in Artificial Intelligence (Distinction, University of East London). At Taiko Foods (London), promoted twice in 13 months while leading ERP data migrations, building Power BI dashboards, and rolling out a factory-wide digital compliance platform. Combines hands-on enterprise data experience with applied machine learning: dissertation work on LSTM-based predictive maintenance (F1 0.940, AUC 0.957), plus independent development of AI-powered applications using the Claude API. Comfortable working across technical and non-technical teams, picking up new systems quickly.

SKILLS

Data & Analytics: SQL (advanced), Python (pandas, scikit-learn, TensorFlow), Excel (advanced, VBA), Power BI (DAX, Power Query), Tableau, statistical modelling, time-series analysis

AI & Machine Learning: LSTM / deep learning, model evaluation (F1, AUC, MAE), prompt engineering, Claude API & LLM tooling, structured JSON outputs, AI testing & red-teaming

Data Engineering & Cloud: ETL pipeline design, data migration, Azure (ADF, Blob, Synapse); self-directed: Apache Spark, PySpark, Kafka, BigQuery

Enterprise Systems: SAP, Salesforce, Point74 ERP, Element Suite, VQMS, Microsoft 365

PROFESSIONAL EXPERIENCE

Taiko Foods Ltd | Acton, England

Jun 2024 – Jul 2025

Promoted twice in 13 months

Technical Assistant & Business Support Analyst

Jan 2025 – Jul 2025

- Built 4 Power BI dashboards covering supplier non-conformance and workforce KPIs; delivered monthly KPI presentations to senior leadership, cutting audit preparation time by 40%.
- Used SQL, Excel, Point74, VQMS and Element Suite to support operational decision-making, data validation and workforce planning.
- Led the factory's transition to a paperless environment, implementing and onboarding teams onto VQMS — training 50 staff and cutting paper-based processes by 90%.
- Partnered with leadership and People teams to translate business requirements into decision-ready data insights.

Specifications Coordinator

Oct 2024 – Jan 2025

- Maintained 100% accuracy across supplier specification, allergen and labelling checks in a zero-error, BRCGS-aligned environment.
- Created, entered and validated 25–30% of core data during a Point74 data-infrastructure upgrade, ranking among the top three project performers.

Production Administrator

Jun 2024 – Oct 2024

- Extracted, cleaned and prepared live machinery data daily, cutting manual reporting by 2+ hours and improving KPI visibility across 3+ departments.
- Managed and validated workforce data for 700+ employees; built an Excel-driven scheduling system saving ~30 minutes daily.

Volunteer, Media & Communications | Church Community, Pune, India

Dec 2025 – Present

- Manage photography, social media and digital content for community events reaching 200+ families; run Instagram and Facebook pages.
- Continue developing AI, data analytics and enterprise IT expertise through independent study and personal projects.

Career Break — Personal Goal Pursuit | Pune, India

Aug 2025 – Nov 2025

- International travel; supported a family business; independent study in AI/data (Spark, PySpark, Kafka, cloud data workflows) and development of two AI-powered applications (a CV-matching tool and an LLM experimentation tool), plus hands-on AI testing and red-teaming.

Sales Floor Team Member | Marks & Spencer, Greater London, England

Oct 2022 – Jun 2024

Held concurrently with full-time MSc studies

- Supported stock accuracy and pricing checks; gathered customer feedback informing merchandising decisions.

FP&A Senior Administrative Assistant | UPS, Pune, India (Remote)

Apr 2022 – Aug 2022

- Used SAP for order creation, contract management, warehouse tracking and shipment monitoring; prepared financial reports and variance analysis using SAP and Salesforce data.

Accounting & Admin Assistant | Hotel Kerala Cafe, Pune, India (Part-time)

Jan 2020 – Aug 2022

- Maintained financial records in Excel; supported payroll preparation, employee records and stock monitoring.

EDUCATION

MSc Artificial Intelligence — Distinction (77%) | University of East London, UK

Sep 2022 – Sep 2023

- Dissertation: LSTM-based predictive maintenance for elevators using real-world IoT time-series data (F1 0.940, AUC 0.957, RUL MAE $\approx$ 12.97 days).

BCA — Distinction (9.96 CGPA) | Savitribai Phule Pune University, India

Aug 2018 – Aug 2021

- Top performer across all cohorts. IIT Bombay-certified in C/C++ and RDBMS.

CERTIFICATIONS

Azure Data Scientist Associate (DP-100) Exam Prep — Professional Certificate, Microsoft, Jul 2025 · Google Data Analytics Professional Certificate · IBM Introduction to Data Analytics

LANGUAGES & AVAILABILITY

English and Hindi (native), Malayalam and Marathi (fluent), Dutch (learning). Available immediately in Pune; open to relocation.
